Baviera Golf

Baviera Golf is one of the few top golf courses situated to the east of Málaga. It is found in the Vélez-Málaga area, 20 minutes driving from Santillán, at the foot of the mighty Sierra de la Aljara mountain range. It is an excellent course to enjoy splendid views over the Mediterranean ocean and the nearby mountain ranges.

Baviera Golf has been designed by José María Cañizares, the prestigious professional golfer. Cañizares is one of our most international and charismatic golfers in whose record are 5 tournaments of the European circuit and 2 world championships as well as several participations in the Ryder Cup.

Course Map

Baviera Golf is an 18-hole par 71 course that is 5,326 metres long. It is a rather short course with only three par 5's. Because of this, it is a course that can be walked easily – no need for a buggy!

The greens are spacious and a lot of work has been done to make sure the elevation changes are subtle making them quite tough to read.

Various hazards are spread out throughout with a playful design in mind. It does not matter if you are a high handicapper or a single digit golfer, this course will be a positively pleasant experience.

What sets this club apart from all the others is its top-quality service that gives equal treatment to both members and visitors.

Baviera Golf is established as one of the best golf Pay & Play World. From their different holes you can enjoy unrivalled views of the Mediterranean and the surrounding mountains.
